GOVERNOR'S GRANTS PROGRAM

“CREATING S.A.F.E. COMMUNITIES”

The Governor's Grants Program administers grant programs and staffs boards and councils focused on improving and supporting public safety, drug and violence prevention, crime intervention, treatment, information technology, the criminal justice system and crime victim services.

The program's service categories include:

- Policy & Strategic Planning
- Grants Management
- Evaluation
- Training & Resources

Mission Statement

The Governor's Grants Program values Kansans living in healthy communities, where they can grow, learn, feel safe and thrive economically. The Program strives to remove obstacles in Kansas communities, neighborhoods, schools, businesses and homes to ensure the safety and security of all Kansans. By administering federal and state grants to units of state and local government, Native American tribes, nonprofit, community and faith-based organizations throughout the state, the program aims to enhance the criminal justice system, improve public safety, support crime victim services and drug and violence prevention programs throughout Kansas.

Values Statement - The program is dedicated to ensuring a **S.A.F.E.** Kansas where:

Services are available and accessible in every community;
Accountability for systems, agencies and services is addressed;
Funding is provided for adequate resources; and
Empowerment of individuals is encouraged.

In addition, the Governor's Grants Program staffed the following boards and councils during State Fiscal Year (SFY) 2010:

Kansas Criminal Justice Coordinating Council
Kansas Task Force Addressing Methamphetamine and Illegal Drugs
Kansas Wireless Enhanced 911 Advisory Board
Governor's Domestic Violence Fatality Review Board
Governor's Project Advisory Council on Domestic Violence Training
Governor & Attorney General's Committee on Supervised Visitation & Safe Exchange Centers
Federal Enhanced 911 Grant Project Oversight Committee

Kansas Criminal Justice Coordinating Council

The Kansas Criminal Justice Coordinating Council (KCJCC) was created in 1994 by the Kansas Legislature (K.S.A. 74-9501 et seq.) to define and analyze issues and processes in the criminal justice system, identify alternative solutions and make recommendations for improvement. The KCJCC also directs the development and management of the criminal justice information system.

The Council provides the oversight of the criminal justice funding available to the state from the U. S. Department of Justice, Bureau of Justice Assistance. The KCJCC is charged with developing the Kansas strategy, prioritizing purpose areas for funding and determining grant awards. With the Council members' expertise and knowledge, the KCJCC has developed strategies and approaches to prevent, as well as control, violent and drug-related crimes.

KCJCC members are statutorily appointed and consist of the Governor or designee, the Chief Justice of the Supreme Court or designee, the Attorney General or designee, the Secretary of Corrections, the Superintendent of the Highway Patrol, the Commissioner of the Juvenile Justice Authority and the Director of the Kansas Bureau of Investigation. More information on the KCJCC can be found online at <https://governor.ks.gov/kansas-criminal-justice-coordinating-council-kcjcc>

Kansas Task Force Addressing Methamphetamine and Illegal Drugs

In an effort to decrease the manufacture and transportation of methamphetamine and illegal drugs into and through Kansas, the KCJCC formed the Kansas Task Force Addressing Methamphetamine & Illegal Drugs. The KCJCC created the task force in December 2004 to address methamphetamine/drug enforcement issues at the local level. The Kansas Highway Patrol Superintendent and the Kansas Bureau of Investigation Director co-chair the task force. More information on the Task Force can be found online at <https://governor.ks.gov/kansas-criminal-justice-coordinating-council-kcjcc>

Kansas Wireless Enhanced 911 Advisory Board

The Kansas Legislature enacted K.S.A. 12-5321 et seq in 2004. The law provides funding to help agencies make the required improvements to establish the enhanced wireless 911 services. State grant funds are generated from the 25-cent-monthly fee imposed on each wireless service account in Kansas, one-percent of the retail price for any prepaid wireless phone service sold in Kansas and a 50-cent fee for each Voice over Internet Protocol (VoIP) service user. The law also established the Kansas Wireless Enhanced 911 Advisory Board (KWEAB). The Board establishes the criteria and guidelines for administering the grant funds.

KWEAB members during 2010 include Chair Diane Gage, Sedgwick County, representing a

Public Safety Answering Point (PSAP) with a population of more than 15,000; Vice-Chair Pat Thetford, representing local exchange service providers; Commissioner Bob Boaldin, representing Kansas Association of Counties; Mayor Don DeHaven, representing League of Kansas Municipalities; Kermit Crane, representing local law enforcement; Fire Chief Mike Napolitano, representing local fire/EMS; Sheriff Jim Jarboe, Kearny County, representing a PSAP with a population less than 15,000; Dick Veach, representing wireless carriers industry; and Captain Randy Moon, representing the Kansas Highway Patrol.

More information on the KWEAB and Enhanced 911 grant program can be found online at <https://governor.ks.gov/Kansas-Wireless-Enhanced-911-Advisory-Board-KWEAB>

Governor's Domestic Violence Fatality Review Board

In October 2004, former Governor Kathleen Sebelius signed executive order 04-11 establishing the 14-member Governor's Domestic Violence Fatality Review Board (FRB). The FRB is charged with reviewing all adult domestic violence-related fatalities in Kansas, describing trends and patterns regarding the facts and circumstances of these fatalities, recommending improvements to prevent future fatalities and determining if adequate resources and trainings are in place for those who respond to domestic violence crimes.

Former Kansas Attorney General Robert T. Stephan chairs the FRB. During 2010, the FRB members included Judge Harold Flaigle, Sedgwick County District Court; Dave Warry, Kansas Law Enforcement Training Center; Steven Halley, Halley Counseling Services, P.A.; Joyce Grover, Kansas Coalition Against Sexual & Domestic Violence; Janice Norlin, attorney; Libby Scott, parole officer; Carol Rood, court services officer; Susan Moran, SOS, Inc.; Tim Tompkins, Pittsburg Police Department; Leigh Reaves, Johnson County District Attorney's Office; Debby Moody, Douglas County District Attorney's Office; Dr. Marilyn Ray, Fort Hays State University; and Vicki Meyer, Unified Government of Wyandotte County Legal Department. Staff for the FRB are Debi Holcomb and Matt Ade. More information about the FRB's findings and recommendations can be found online at <https://governor.ks.gov/Governors-Domestic-Violence-Fatality-Review-Board>

Federal Discretionary Grant Programs

Federal Grants to Encourage Arrest and Enforcement of Protection Orders Program (GTEAP)

The Governor's Office is partnering with the Kansas Coalition Against Sexual and Domestic Violence, Kansas Law Enforcement Training Center, Kansas County and District Attorney's Association, the Kansas Attorney General's Office and the Kansas Office of Judicial Administration to establish a comprehensive training continuum regarding domestic violence for professionals in the criminal justice system with the Federal Grants to Encourage Arrest Policies and Enforcement of Protection Orders Program. The purpose of the grant project is to infuse the State of Kansas with uniform domestic violence training for all professions of the criminal justice system serving offenders and victims from the time of a 911 call reporting an incident; through the investigation, arrest, prosecution, probation or parole and release of an offender; including emphasis on Protection From Abuse (PFA) and Protection From Stalking (PFS) orders.

As a result of this grant funding, the State of Kansas will achieve a multi-disciplinary and thorough approach to addressing domestic violence in the state. While various professions have been trained on the topic in previous years, there has not been an intensive coordinated approach to curriculum and policy development and training for all those involved in the criminal justice system.

Federal Safe Havens: Supervised Visitation and Safe Exchange Grant Program

The Governor's Office is partnering with the Kansas Network of Visitation Providers, the Kansas Coalition Against Sexual and Domestic Violence, the Kansas Office of Judicial Administration and the Kansas Attorney General's Office to form the Governor and Attorney General's Committee on Supervised Visitation and Safe Exchange Centers with the Federal Safe Havens: Supervised Visitation and Safe Exchange Grant Program. The purpose of the Committee is to establish a comprehensive system for providing safe and secure visitation and exchange services.

Federal Ensuring Needed Help Arrives Near Callers Employing 911 Act Grant Program (ENHANCE 911 Act)

Funding will be used to hire a consultant and purchase hardware and software to establish regional, interfaced ESInets (Emergency Services IP Network) and enable Kansas Public Safety Answering Points (PSAP's) to migrate to an IP (Internet Protocol) enabled emergency network.

FEDERAL AND STATE GRANT PROGRAMS

The Governor's Grants Program administers grant funds to organizations enhancing the criminal justice system, improving public safety, supporting crime victim services and drug and violence prevention programs. State and local units of government, non-profit, community and faith-based organizations throughout the state are eligible to apply for and receive grant funds. This Annual Report covers grant funds awarded for periods from July 1, 2009 to June 30, 2010; October 1, 2009 to September 30, 2010 and from January 1, 2010 to December 31, 2010.

For 2010, the Governor's Grants Program awarded a total of \$36,608,392 to 329 grant projects. The Program awarded funds from the following grants:

- Federal Bulletproof Vest Program Grant (BVP)
- State Children's Advocacy Centers Grant (CAC)
- State Wireless Enhanced 911 Grant (E911)
- Federal Family Violence Prevention and Services Act Grant (FVPSA)
- Federal Edward J. Byrne Memorial Justice Assistance Grant (JAG)
- Federal Recovery Act Edward Byrne Memorial Justice Assistance Grant (RA-JAG)
- Federal National Criminal History Improvement Program Grant (NCHIP)
- Federal Paul Coverdell National Forensic Sciences Improvement Act Grant (NFSIA)
- Federal Sexual Assault Services Formula Grant Program (SASP)
- Federal State Access & Visitation Program Grant (SAVP)
- Governor's Discretionary Portion of Federal Safe and Drug-Free Schools and Communities Act Grant (SDFSCA)
- State General Fund Grant (SGF)
- Federal S.T.O.P. Violence Against Women Act Grant Program (VAWA)
- Federal Recovery Act S.T.O.P. Violence Against Women Act (RA-S.T.O.P. VAWA)
- Federal Victims of Crime Act for Victim Assistance Grant Program (VOCA)
- Federal Recovery Act Victims of Crime Act for Victim Assistance (RA-VOCA)

The Governor's Grants Program provides the staffing and day-to-day management of these grant programs. The table on the following page highlights the amount of funding awarded to state and local projects.

FEDERAL BULLETPROOF VEST PARTNERSHIP (BVP) PROGRAM APRIL 1, 2009 TO MARCH 31, 2010

The FY 2010 BVP funds were used to purchase bulletproof vests and can be used to fund up to 50 percent of the purchase cost. Only law enforcement officers may receive vests through this program. “Law Enforcement Officer” means any officer, agent or employee of the State of Kansas, unit of local government or an Indian tribe authorized by law or by a government agency to engage in or supervise the prevention, detection or investigation of any violation of criminal law, or authorized by law to supervise sentenced criminal offenders.

During 2010, the Kansas Highway Patrol was awarded federal funds to use toward the purchase of 100 vests. The grant is funded by the U.S. Department of Justice.

STATE CHILDREN'S ADVOCACY CENTERS (CAC) GRANT PROGRAM JULY 1, 2009—JUNE 30, 2010

Funding for children's advocacy centers from the State General Fund (SGF) supported initiating, enhancing or expanding grant projects establishing comprehensive Children's Advocacy Centers (CACs). CACs are child-focused, community-oriented programs coordinating investigation and intervention services for abused children by bringing together professionals and agencies in a comprehensive, multi-disciplinary model.

Fifteen children's advocacy centers were awarded \$920,573 to hire and train staff to provide children sexual and physical abuse victims with child-sensitive forensic interviews; advocacy services to aid in the healing process for victims and non-offending caregivers; increase community education/awareness of child advocacy centers and child abuse and neglect issues; and coordinate multidisciplinary case review teams to regularly review problematic cases and to foster coordinated efforts across systems to enhance client and case outcomes.

Inspiration from the Community

The victim, a nine year old girl, was interviewed by our forensic interviewer. Though she gave a credible disclosure of sexual abuse, details such as time and place seemed to conflict with what other family members were reporting. The team requested that a six session Extended Forensic Evaluation be done by the Western Kansas Child Advocacy Center therapist to gather more information. The result of those sessions was the realization that her first disclosure was a composite of multiple events that had happened over a period of years instead of a single event. The law enforcement officer who was investigating the case took that information and did a wonderful job of corroborating what the victim had reported and this resulted in the arrest of the perpetrator. More importantly, the team's work with this case helped the child's family become more cohesive and supportive of the child after they were shown the evidence that supported the allegations of abuse. Secondary Trauma that is caused by non-supportive caregivers or an uncaring or overburdened system is often reported by adult survivors of child sexual abuse. In this case the multi-disciplinary team approach created a web of support to help this family heal.

ENHANCED 911 STATE GRANT (E911) JANUARY 1, 2010—DECEMBER 31, 2010

The Enhanced 911 State Grant Program (E911) made \$7,576,304 in grant awards to 75 local Public Safety Answering Points (PSAPs) during calendar year 2010.

The purpose of the E911 grant is to provide funding for necessary and reasonable costs incurred by PSAPs for implementing wireless enhanced 911 services; purchasing equipment or upgrades and modifications to equipment used solely to process the data elements of wireless enhanced 911 services; and maintaining license fees for such equipment and training of personnel to operate such equipment, including costs to train personnel to provide effective services to all users of the emergency telephone system who have communication disabilities.

Any county with a population of less than 75,000, any city located within such a county, or any two or more such counties or cities are eligible to apply for E911 funds. Funding for the grant is generated from a 25-cent-monthly fee imposed on each wireless service account, one percent of the retail price for prepaid wireless phone service in Kansas and a 50-cent fee for each Voice over Internet Protocol (VoIP) service user.

Actual Expenditures for the Grant Period	
Travel/Training Expenditures	\$133,110

Inspiration from the Community

"This summer we had two wireless 9-1-1 calls that resulted in saves, due to our ability to locate the callers. Both callers were young males, both were at Cheney Lake in Reno County. Both calls were within a few weeks of each other and both were handled by the same dispatcher. Without being able to access Latitude and Longitude the outcome of the calls could have been very different."

FEDERAL FAMILY VIOLENCE PREVENTION AND SERVICES ACT (FVPSA) JULY 1, 2009—JUNE 30, 2010

The Federal Family Violence Prevention and Services Act Grant Program (FVPSA) provided \$1,155,008 in grant awards to 23 domestic violence programs in Kansas. The U.S. Department of Health and Human Services provides funding for this grant.

FVPSA funds pay for support group activities for women and children, child care, prevention education in schools and communities, information and referral services, advocacy in obtaining protection from abuse and stalking orders, court accompaniment, outreach into rural counties, etc. One of these priorities is ensuring services are provided 24-hours-a-day, seven-days-a-week and free to domestic violence victims and their children. Many programs provide outreach services in the rural counties. Services range from safe homes, support groups, crisis intervention, court accompaniment and transportation.

Kansas domestic violence programs make every effort to reach those who are underserved. Many of the programs have volunteers and staff of different ethnic, racial, cultural and language diversities in order to meet the needs of victims and their children. Shelter facilities are accessible to those who have physical disabilities or an alternative safe shelter is provided. Volunteers in the rural isolated areas provide transportation. Many programs also provide access to toll-free numbers for victims. In addition, Kansas has a toll-free number to assist local programs with AT&T interpreter services, 888-END-ABUSE.

In addition, the programs provided:

- 390.5 trainings for 1,100 volunteers
- 354.05 trainings for 7,712 professionals
- 4,721 hours of trainings for program staff members
- 2,300 public presentations

The programs' successful operations largely depends on the help of volunteers. During 2010, 2,350 volunteers worked a total of 73,935 hours.

Inspiration from the Community

During her shelter residency, "Jane" attended the weekly support group, worked with her primary advocate daily and began taking college classes at the nearby community college. Upon exiting the shelter, she rented an apartment, continued with the weekly support group and began looking for a part-time job in addition to taking her classes. She remained in contact with her primary advocate and eventually was hired as an office assistant in one of the courthouse departments. "Jane" was able to take the tools, skills and encouragement she received with her into her new job and role as a student.

FEDERAL EDWARD J. BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) JULY 1, 2009—JUNE 30, 2010

The Kansas Criminal Justice Coordinating Council (KCJCC) oversees criminal justice federal funding from the Federal Edward J. Byrne Memorial Justice Assistance Grant (JAG) program. The U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance provides the funding for this grant.

JAG funding assists state and local units of government to enhance the criminal justice system. Kansas focuses JAG funding on information technology, treatment, prevention and enforcement efforts. The KCJCC awarded 3,756,559 to 37 grant projects. The following table identifies the number of grant projects and funds awarded to each program area.

As a result of JAG funding, the following program accomplishments were achieved:

- 114 investigations were conducted
- 107 arrests were made
- 272 cases were prosecuted
- 383 offenders were successfully discharged from treatment
- 833 offenders received treatment
- 2,563 victims were served
- 2,845 individuals were trained
- 126 prevention trainings were provided

The KCJCC's funding priorities for SFY 2010 were law enforcement, prosecution and courts, prevention and education, corrections and community corrections, drug treatment, information technology and crime victims and witness programs.

Inspiration from the Community

"The shield [that was purchased with JAG funds] has been used in two search warrants. One of the search warrants was served in the county and the other was served in the City of Baxter Springs. The warrant served in the city was a narcotics warrant where crystal meth was recovered. I personally used the shield and it was comforting to have it. The items provided by the grant have helped equip all the patrol officers with the same tools to investigate different crimes, which has made us a more professional and proficient department."

**FEDERAL RECOVERY ACT EDWARD BYRNE MEMORIAL
JUSTICE ASSISTANCE GRANT PROGRAM (RA-JAG)
JULY 1, 2009—JUNE 30, 2011**

The Kansas Criminal Justice Coordinating Council (KCJCC) oversees criminal justice federal funding from the Federal Recovery Act Edward Byrne Memorial Justice Assistance Grant (RA-JAG) program. The U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance provides the funding for this grant.

RA-JAG funding supports communities in their efforts to hire and retain criminal justice personnel. The funds created five full time positions and helped retain all or a portion of 109 existing positions. The funds also reduced furlough days for approximately 1,484 employees. The funds helped maintain and strengthen effective law enforcement, prosecution, and corrections. The KCJCC awarded \$11,527,980 to 26 grant projects for a two-year period. The following table identifies the number of grant projects and funds awarded to each program area.

SFY 2010 Priority Issues	Number of Grant Projects	Federal Funds Awarded	Percentage of Total

Equipment Expenditures	\$626,731
Contractual Expenditures	\$439,732
Other Expenditures	\$1,500,000
Total Federal Funds Expended	\$6,009,248

As a result of RA-JAG funding, the following program accomplishments were achieved:

- 372 investigations were conducted
- 1,334 arrests were made
- 41 cases were prosecuted
- 177 adults received treatment
- 260,752 grams of illegal drugs were seized, including 245 grams of methamphetamine. The seized drugs had a street value of \$295,240.

The grant allowed the Ottawa Police Department and USD 290 to continue a successful School Resource Officer Program (SRO) that was discontinued at the end of the 2008/2009 school year due to a lack of funding. The grant will allow the SRO to work in the school district for two years. By having a dedicated SRO it will reduce the dependency of the school district on Patrol Officers who would have responded to calls for service on USD 290 property.

FEDERAL NATIONAL CRIMINAL HISTORY IMPROVEMENT PROGRAM (NCHIP)

JULY 1, 2009-NOVEMBER 30, 2010

The Kansas Criminal Justice Coordinating Council (KCJCC) oversees criminal justice federal funding from the Federal National Criminal History Improvement Program (NCHIP). NCHIP is administered by the Bureau of Justice Statistics, Office of Justice Programs, within the U.S. Department of Justice.

NCHIP continues the U.S. Department of Justice's efforts to build an accurate and useful national system of criminal records. Availability of complete computerized criminal records is vital for criminal investigations, prosecutorial charging, sentencing decisions, correctional supervision and release, and background checks for licensing and purchasing of handguns and applying for child-care positions or other responsibilities involving children, the elderly and the disabled.

During the 2010 grant period, funds were secured extending the 2009 grant award to November 30, 2010. The KCJCC awarded a total of \$281,433 to the Kansas Bureau of Investigation during the 2009 grant period. The KCJCC awarded an additional grant amount of \$327,435 during the 2010 grant period. The project funded positions responsible for the data entry of back-logged dispositions into the KBI's central repository.

FEDERAL PAUL COVERDELL NATIONAL FORENSIC SCIENCES IMPROVEMENT ACT (NFSIA)

OCTOBER 1, 2009—SEPTEMBER 30, 2010

The Kansas Criminal Justice Coordinating Council (KCJCC) oversees the Federal Paul Coverdell National Forensic Sciences Improvement Act (NFSIA) grant. The grant is funded by the National Institute of Justice.

NFSIA provides funding to improve the quality, timeliness and credibility of forensic science services for criminal justice purposes. The NFSIA program funds crime laboratories and medical examiner's offices based on population and crime statistics.

The KCJCC awarded a total of \$146,057 to the Johnson County Sheriff's Office, the Kansas Bureau of Investigation and the Sedgwick County Regional Forensic Science Center. The funds assisted the Johnson County Crime Lab and the Sedgwick County Regional Forensic Science Center with the purchase of laboratory equipment. Funds awarded to the Kansas Bureau of Investigation allowed staff to attend trainings to improve the quality and timeliness of lab cases.

During the last quarter, our agency has provided successful visitation services to many, many families. One instance of successful completion of services includes a family who had participated in services for over two years. After successfully completing supervised visitation services, family and individual therapy as recommended and referred by our agency and a lengthy term of monitored exchanges the family was able to gradually begin communicating directly and ultimately closed their case with our office and implemented exchanges on their own. The children involved in this case were very pleased with this transition as it allowed them to no longer miss or arrive late for activities (baseball practice, etc) as the parents are now able to exchange at sporting events, residential homes, etc.

We were able to exceed our objective of having 75 percent of matched youth show reduced delinquent behaviors and/or not initiating delinquent behaviors. Out of all Program-Based Outcome Evaluations conducted and received only one youth did not meet the criteria of this objective. This is an amazing outcome and was well above our goal of 75 percent. In addition the objective of having 75 percent of youth show a reduction, and/or not initiate substance abuse was met at 100 percent in all Program-Based Outcome Evaluations conducted and received.

STATE GENERAL FUND (SGF) JULY 1, 2009—JUNE 30, 2010

The State General Fund (SGF) provides funds to support services for domestic violence prevention grants. These funds are used as matching funds for federal formula grant requirements to support sexual and domestic violence services and to enhance services to underserved areas of the state.

Twenty-eight grant projects were awarded \$4,097,239 to assist in ensuring that funds are available for community-based sexual and domestic violence services. Crime victims and their children are best served when they can maintain jobs, stay in schools, keep family connections and other community ties while receiving safe services. Therefore, sexual and domestic violence services such as safety planning, shelter, advocacy, counseling, etc. should be available within, or close to, every community in Kansas.

"In March, I attended a preliminary hearing with a survivor of a home invasion and attempted rape by a documented gang member. The incident happened while she was working overnight in an elderly person's home. On the hearing day, the survivor had many questions about the court process. I explained how things would proceed, and she felt reassured. She was very scared to face the defendant in the courtroom. She got very emotional, stating that she felt some guilt over the fact that he'd been arrested and was facing a lot of time in prison. I reminded her that the defendant was the person who had made the poor decisions that had put him in the situation he was facing. She took a few moments to process her thoughts. The survivor's case was continued after a couple of hours of waiting, but she thanked me profusely for waiting with her and giving her moral support. She has a wonderfully strong spirit, and I'm looking forward to attending the upcoming hearing with her on its new date."

One example of success with our assistance is a non-English speaking victim. The mother of nine children had endured unspeakable abuse for more than half of her life and a victim of kidnapping in Mexico when she was 15. With the help of DoVES, she was able to take her children to a safe place, utilize the assistance of law enforcement and the courts. After many months, she has moved to a safe place and has been able to purchase a trailer for herself and her children. She continues to check in with us from time to time, and by all indications, she and the children are doing well.

We recently took a call regarding a woman who was in a very physically and emotionally abusive relationship. She was scared for her life but did not want to leave because she had two dogs that she was certain her abuser would kill if she left them behind. Our shelter was full, however we worked with this caller for four hours to secure placement in another shelter for her as well as locating a pet foster home for the animals while she was in shelter. We worked on her transportation to the shelter to drop off her animals, and then further transportation to the domestic violence shelter for her as she was wheelchair bound. She did get her animals placed and did make it into shelter.
